

Heavy-Duty Walk-In Entry Door

Tundra—Sierra Models

Yukon NT—Yukon NTH

SCHOTT Gemtron has developed a new standard in walk-in entry doors. This heavy-duty design offers the durability that is demanded in the convenience store and supermarket industry. As more and more stores add bulk merchandising area and customers volumes increase this unique design will give you years of service.

Twin 72" x 81" with push bars, and kick plates shown

Heavy Duty Hinge

The heavy duty triple hinge system provides the durability that is needed for high volume traffic. Each hinge is self closing to assure the door returns to the closed position.

Also provided on twin models (60" and 72") is the SCHOTT Gemtron exclusive vertical gasket that stops the unwanted airflow from your cooler.
